This is the culmination of years of hard work. This chart has been put together from the Parish Register up to 1937, Monumental Inscriptions when available and other research material. There are still some anomalies but I have done the best I can with the material available to me.

There is more information on the individual graves including photos on the Find a Grave site.

If you can add anything or perhaps correct anything please email me on [cca@canveyisland.org](mailto:cca@canveyisland.org)
